Macedonia's support for Ukraine will remain unchanged.

A parliamentary delegation of the Republic of Macedonia led by Head of the Macedonia-Ukraine Inter-Parliamentary Friendship Group Jovan Mitreski informed this during a meeting with Deputy Foreign Minister of Ukraine Vasyl Bodnar on May 30, the Foreign Ministry of Ukraine reported.

The Ukrainian side informed the Macedonian delegation about the aggravation of the situation in Donbas as a result of Russia's ongoing aggression against Ukraine. The parties noted the identity of external challenges faced by both states, and the most dangerous of them is the aggressive policy of Moscow. The sides also discussed the deployment of a UN peacekeeping mission in Donbas.

The interlocutors agreed to ensure high dynamics and intensification of cooperation in the political, economic, cultural and humanitarian sectors.
