The initiatives of President Shavkat Mirziyoyev, announced at the 75th jubilee session of the UN General Assembly, are supported by the international community. Experts from different countries, including the space of the Shanghai Cooperation Organization (SCO), note their relevance, relevance and practicality in solving contemporary regional and global problems that the peoples of our states face.

I would like to emphasize that practically all the initiatives put forward by the head of Uzbekistan fully reflect and fully comply with the goals and objectives of the SCO, enshrined in its Charter and other fundamental documents, which are aimed at promoting sustainable development, ensuring peace and stability, strengthening friendship and good-neighborliness in the region.
