## EU TO TARGET MIGRANT INTEGRATION AND ENCRYPTED APPS

-

10.11.2020

---

EU Observer (10 November 2020)

Migrants ought to learn EU languages and "integrate" their children, while encrypted messaging apps should give keys to authorities to combat terrorism, EU ministers are preparing to say.

Those were the key points in a draft "declaration" to be adopted by home affairs ministers on Friday (13 November).
