
TOO FEW CENTRAL AND EASTERN EUROPEANS AT TOP OF EU

-

26.01.2021

EU Observer (26 January 2021)

Central and eastern Europeans are continuously underrepresented in the EU's leadership, which could "severely undermine support for the EU's institutions, values and policies", a new study by the consultancy European Democracy warns.

Western European countries continue to be dominant in EU leadership positions, a trend that has not changed significantly since the 2004 'Big Bang' of enlargement with 10 new member states.
