Orient (12 March 2024)

In 2023, the transit of goods through the territory of Turkmenistan increased by 17%. This is reported on the website of the customs department of Turkmenistan.

In February of this year, transit cargo flows also increased. In the first two months of 2024, this figure increased by 5% compared to the same period of the last year.

Full automation of customs procedures and the use of modern equipment during customs inspection allow for uninterrupted transportation of vehicles through checkpoints of Turkmenistan.
