With the resolution adopted on March 13, the European Parliament has once again demonstrated its biased stance towards Azerbaijan, as the statement of the Azerbaijani Parliament says, Trend reports.

According to the source, the statement refers to the European Parliament resolution "On closer ties between the European Union and Armenia and the need for a peace agreement between Azerbaijan and Armenia".

"Instead of dealing with the problems and challenges facing the people of European countries, the European Parliament has finally turned into a representative of the Armenian lobby and Azerbaijanophobic, Islamophobic, chauvinistic, and racist forces," the statement reads.
