## **XI JINPING IS WORRIED ABOUT THE ECONOMY - WHAT DO CHINESE PEOPLE THINK**

- 02.10.2024

---

BBC (1 October 2024)

Kelly Ng and Yi Ma

Chinas sputtering economy has its worried leaders pulling out all the stops.

They have unveiled stimulus measures, offered rare cash handouts, held a surprise meeting to kickstart growth and tried to shake up an ailing property market with a raft of decisions - they did all of this in the last week.

On Monday, Xi himself spoke of "potential dangers" and being "well-prepared" to overcome grave challenges, which many believe was a reference to the economy.
