Radio Bulgaria (22 November 2024)

Investing in people, education, innovations and technologies is the key to success in the future, said President Rumen Radev at the opening of the business forum in Singapore, in which representatives of companies from Bulgaria and Singapore are taking part. President Radev is on a working visit to the country, and is leaving on an official visit to Vietnam on 24 November.

The key to the future is partnership which can be promoted in many spheres of mutual interest, starting with electronics and semiconductors, Rumen Radev said further. Bulgaria and Singapore are similar in many ways □ almost the same population size, extremely restricted natural resources.
