On the air of the Public Radio, the Republic of Armenia Chief Commissioner for Diaspora Affairs, Zareh Sinanyan, announced that there is no break with the Diaspora, on the contrary, more active contacts are now taking place, and that the ARF Dashnaktsutyun is working against the state of Armenia in the Diaspora.

Nzhdeh Garagavoryan, Chairman of the Central Board of the "ARF New Generation" Youth Union in France, is not surprised by Zareh Sinanyan's statements.

"We should not perceive anything else from Zareh Sinanyan and his ilk, who are only engaged in divisive, surrendering, and anti-national, anti-state work. Zareh Sinanyan has not achieved success anywhere, for so many years he has only tried to hit us and, as he himself admits in his speech, we are firm, we are steadfast, and our organizational structure vigilantly protects the interests of the Armenian nation," he said in an interview with 168.am, emphasizing that Sinanyan "brazenly continued to cover up the anti-Diaspora perspective adopted by the traitorous authorities," where the Diaspora has no place in Armenia's domestic political life.
