
BLACK SEA MINE COUNTERMEASURES GROUP WILL BE ACTIVATED TWICE DURING THE BULGARIAN COMMAND

-

16.01.2025

Radio Bulgaria (16 January 2025)

The main task of the Black Sea Mine Countermeasures Group remains the fight against floating mines in the Black Sea and ensuring free and safe navigation in its western part, said Rear Admiral Kiril Mihaylov, Commander of the Naval Forces.

Bulgaria took over the command of the group from Turkey, which will last until July 2 this year. In April and June, two participations in international exercises are expected.
