*Kazakhstans Energy Minister Yerlan Akkenzhenov held a number of meetings focused on boosting regional cooperation on the sidelines of the Uzbekistan Energy Forum 2025 held on May 13-15 in capital Tashkent, Kazinform News Agency reports.*

A protocol was signed during a regular trilateral meeting among the energy and water resources ministries of Kazakhstan, Uzbekistan and Kyrgyzstan, as the nations agreed on the modes of operation of energy facilities and the procedure of water allocations from the Syrdarya River basin for the upcoming vegetation period.

The document is of great importance to the three nations cooperation aimed for a balanced use of water resources and stable operation of energy systems in Central Asia.
