The Speaker of the Georgian Parliament, Shalva Papuashvili, strongly condemned recent comments made by Member of the European Parliament (MEP) Rasa Juknevičienė, calling on her to publicly apologise to the Georgian people for her offensive and unfounded remarks.

Rasa Juknevičienė – a supporter of dictator Saakashvili – has described the Georgian Dream and its 1,120,000 voters as criminals and an infection. It is a matter of dignity for the European Parliament that their MEP issues a formal apology to the people of Georgia for her fascist and despicable statements, Papuashvili wrote on Facebook.

His response follows Juknevičienės recent interview with TV Pirveli, where she expressed alarm over Georgias political situation.
