Tamilla Hasanova

An informal summit of the Council of Heads of State of the Organisation of Turkic States (OTS) is set to take place on May 20-21, 2025, in Budapest, the vibrant capital of Hungary.

This announcement came directly from the OTS press service via their official social media page on X, per Caliber.Az.

Under the evocative theme Meeting Point of East and West, the summit highlights Hungary's unique geopolitical position as a bridge between two great civilisations. It also underscores the Turkic states' strong desire to deepen dialogue and cooperation across diverse cultural and civilizational landscapes.
