
€500M PER DAY: EUROPE COUNTS THE COST OF INDECISION OVER ENERGY

-

14.04.2026

EU Observer (14 April 2026)

Benjamin FOX

€500m per day is the extra cost of the Iran war to the EUs energy bill.

The bloc has spent an additional [] since the start of the US-Israeli airstrikes against Tehran, according to the European Commission.

Commission president Ursula von der Leyen has already confirmed her conversion to nuclear energy.
